THE SOUTHEAST MISSOURI Computo Service Center, which will serve as a processing center for banking records of several southeast Missouri banks is under construction on Highway 61 South in Sikeston. Ryan Construction Co. of Sikeston is the general contractor.

Infantry Squad Overrun; Reds Step up Shelling

SAIGON (AP) — An American arrived too late to catch the squad sent out to ambush the enemy. It was one of numerous small skirmishes across the country. The squad numbered nine GIs and two Tiger Scouts, former Viet Cong who had defected. A spokesman said six Americans and one of the scouts were killed, and the others were wounded.

The squad, of the 3rd Brigade, 9th Infantry Division, was overrun early today and all 11 men were killed or wounded.

The enemy gunners shelled 28 airfields, army camps and district towns in the heaviest wave of overnight attacks since the Nov. 1 bombing halt of North Vietnam.

It was the second consecutive day of unusually heavy rocket and mortar assaults, and caused immediate speculation that the enemy command had ordered

military pressure increased to emphasize Hanoi's displeasure with the deadlock in the Paris peace talks.

American and South Vietnamese headquarters said over-all casualties were light. More than 100 South Vietnamese and a lesser number of Americans were reported wounded and 10 helicopters were damaged.

The attackers concentrated on outposts and towns in the thickly populated Mekong Delta south of Saigon and on American and South Vietnamese camps guarding the northwestern approaches to the capital.

Allied officers said the attacks are normally mounted by handfuls of enemy soldiers, sneaking up canals and rivers and through marshy areas in darkness. Although such stealth makes the barrages inaccurate, it is considered a cheap way to get propaganda headlines without much risk.

The Binh Thuy airfield outside the delta's biggest city of Can Tho, which was shelled Thursday night, caught another 40 bazooka rounds fired from surrounding marshes. Outside My Tho, the delta's second biggest city, a barrage wounded about 80 Vietnamese recruits at a training camp and mortar shells caused some civilian casualties in the city.

Only five of the shellings struck U.S. camps. In most of the U.S. Command said, there were no fatalities and very few men wounded.

The 10 helicopters reported damaged were at the big U.S. 9th Infantry Division base of Dong Tam along the Mekong River 40 miles southwest of Saigon. It suffered a mortar and bazooka barrage that also wounded some men and damaged several fram buildings.

The hit-and-run shellings began at about 10 p.m. Friday and continued until just before dawn today. In most of the attacks flareships were ordered up and allied artillery blasted suspected firing sites, but there were no immediate reports of enemy losses.

Night Police Chief Cecil Boes noticed their car about 10:15 p.m. and stopped them for failure to have an automobile license plate.

Boes and Policeman Bill Howard, upon further investigation, discovered the men had in their possession various types of vending machine keys. They also found \$11 in quarters, \$5 in dimes and 50 cents in nickels in the automobile.

In police court activity, Russell Banks and Matthew Easton, both of Charleston, were sentenced to 30 and 20 days respectively in jail for stealing a shotgun from the Wells Cafe.

Ted E. Slaven, Charleston, was fined \$13 and costs for public intoxication.

He said an economic message would follow.

Christian indicated with a Democratic Leader Mike Mansfield of Montana had received no commitment from Johnson was reluctant to deliver President-elect Nixon about his State of the Union message troublesome question of in person. Mansfield said the whether to recommend an outgoing President did not want extension of the 20 per cent to project himself into the

\$10 Change, Cigarettes Stolen

A breakin was discovered at 12:45 a.m. today by officer Ishia Dunn at Dunagan's Market, 116 Branum St., while on routine patrol.

He noticed the front door glass was broken and discovered several cartons of cigarettes and about \$10 in change had been taken.

Sgt. Ruben Templeton assisted in investigation and found several packs of cigarettes had been dropped by the burglars leaving a trail to the old grain building on Washington Street.

Police reported that the burglar or burglars apparently emptied potatoes from a sack and used the sack to carry off the stolen cigarettes.

In other activity, James E. Dodd, Anna III., was arrested at 8:45 a.m. Friday on Luther Street and charged with driving while intoxicated.

W. L. Scarbrough Jr., 320 Kramer Dr., was charged by police at 12:30 a.m. today with carelessness and imprudent driving on Salcedo Road.

Boye Johnson, 333 East Gladys St., was charged at 12:30 a.m. today with carelessness and imprudent driving on Salcedo Road.

Israeli sources claimed the use of airplanes to hit guerrillas in ambush just across the border has proven highly successful since its inauguration.

The action began at 7:15 a.m. when Arab irregulars fired bazooka rockets at an arm vehicle, the Israelis charged. There were no Israeli casualties in the clash.

Shortly after that the Israeli planes struck.

A dispatch from Amman, Jordan's capital, said four jet fighters - French-made Super Mysteres and American-made Skyhawks - carried out a 65-minute attack on farms in the Manishi and Northern Shuras areas with napalm, bombs and machine guns.

A Jordanian spokesman said there was damage, but nobody was killed.

About 600 miles to the south, Israelis and Arabs battled across the cease-fire line for two hours.

TWO EIGHT-UNIT apartment buildings are under construction by Collins Brothers Construction Co. on Kennedy Drive, near the Sikeston Regional Diagnostic Clinic.

Need For Detention Home Brought Before Courts

Wrong Man Train Wreck Kills Couple Released At Cairo

A Broseley couple was killed Friday when their 1964 Watkins and Sons Funeral Home Chevrolet was struck by an in Dexter eastbound Missouri Pacific Floy Max Rodden, 33, freight train at a rail crossing on Piggott, Ark. received serious head injuries in a two-car collision 11:15 p.m. Friday, 10 miles north of Poplar Bluff on highway 67.

Rodden was driving a 1959 Dodge, when he lost control, ran on the wrong side of the road and was struck by a 1964 International tractor-trailer, at the throttle, was traveling at a Nash, Tex. normal speed and Kimbrel

The train with Engineer Clyde Ashby, 61, Poplar Bluff, driven by Nathan Lunsford, 42, Francis Hospital in Cape Girardeau. The patrol said he would be given a summons for apparently failed to see it. The Rodden car went another 645 feet, left the road carelessly and imprudently.

The Uelmann car pulled from a private drive into the path of a 1968 Ford, driven by Boyce Church, 17, Sikeston.

Uelmann was taken to St. Uelmann car pulled from a private drive into the path of a 1968 Ford, driven by Boyce Church, 17, Sikeston.

The temporary home, "half house", would care for children for periods ranging from overnight to several weeks. It would aid children of any age who are apprehended for legal violations, or who find themselves without a home for any reason. Now, such children are kept in the county jail, until a better arrangement, such as a temporary foster home, can be worked out.

Referrals to such a home would come principally from the juvenile court, Judge Marshall Craig, and welfare departments in each county. Juvenile officer Fred Glover and representatives of the Child Welfare Department were present at both meetings.

The temporary home, "half house", would care for children for periods ranging from overnight to several weeks. It would aid children of any age who are apprehended for legal violations, or who find themselves without a home for any reason. Now, such children are kept in the county jail, until a better arrangement, such as a temporary foster home, can be worked out.

Johnson to Deliver Final State Of Union Message Tuesday

WASHINGTON (AP) — income surtax. President Johnson will deliver his farewell State of the Union message at a nationally televised joint session of Congress at 8 p.m. Tuesday, the White House announced today.

Press Secretary George added that some friends and staff members may join him.

Johnson's scheduling of the State of the Union message for Tuesday indicated clearly he has given up hope of getting any commitment from Nixon on the tax issue.

The President is represented as wanting to submit a nearly balanced budget for the fiscal year beginning July 1. Aides have said it would be difficult for him to achieve such a balance without proposing that Congress continue, in some form, the tax which now is bringing in around \$12 billion in revenue a year.

Efforts may be made to help the countycourts raise the initial cost for such a home from public subscription. The maintenance cost would have to be born by the counties. No other funds are available.

Third-class counties like Scott and Mississippi are not required by law to maintain such a facility. Second-class counties like Cape Girardeau are required by law to do so.

In third-class counties, children left homeless because of desertion of parents or sudden death of parents, now have no provision for a temporary home. If relatives cannot be found to keep them until they can be "more permanently" placed.

Cape County bought and renovated a dwelling in Cape Girardeau with accommodations for 20, at a cost of \$29,000 and yearly operating expenses are \$9,000, of which \$5,600 is paid the superintendent and matron.

Judge Harris Rodgers of Scott county said the court listened sympathetically. Bill Moore, Joe Nunnelley and the Rev. Joseph Wagner, all of Sikeston, spoke for the Scott County Child Advisory Committee. Other committee members present included: The Rev. Durward Penry, the Rev. Wade Paris, Gwen McDonough, Ann Glueck and Elsie Streeter. Jane Jackson and Robert Burke, of Mississippi county, attended both meetings.

The Mississippi County Court also was sympathetic, but its members pointed out the great demands upon them for money and their limited powers of providing money.

Other members present at the Mississippi county meeting included: Sarah Ponder, Marilyn Stallings, Gertrude Jones, Dorothy Jane Goodin, the Rev. Bill Hatchell, Judy Small, the Rev. Gabe Taylor, the Rev. Bill Mathae, Mrs. Ferrell Kellett, Jeanie Williams and Shirley Edmonds.

POOR CHARLIE SAYS!
DETERMINED TO SERVE

In all the year-end excitement over the Apollo moonshot, and the release of the men of the Pueblo, a heart-warming news story out of Saigon was overshadowed and obscured. It involved Rear Admiral Edwin W. Rosenberg, who took over command of the 7th Fleet Amphibious Force in Vietnam on December 15.

His credentials as a fighter are impressive.

He was graduated from Annapolis in 1942 and served as a navigator on an aircraft carrier during the war. Three years later, navy doctors forced him to retire from the service. They found that he was a victim of cancer. But, it responded to X-ray treatment, and the doctors who told him at one point that he would be dead in two weeks were amazed. Ed Rosenberg had licked cancer of the kidney.

But there were other battles with that enemy to be fought. Four of them. On two separate occasions he persuaded the board that had retired him that he was cured; but the doctors found another cancer, in the neck, and still again in the groin. Each responded to treatment however, and by 1950 he had whipped them all. And he asked for return to active status.

He was informed that there wasn't a chance; that it would take an act of Congress to restore him to active duty. Iowa's Senator Bourke B. Hickenlooper introduced such a bill; President Harry S. Truman signed it.

By 1952, Rosenberg was in command of a destroyer.

In recent months he has been deputy chief of staff for logistics, personnel and administration for the Pacific Fleet, stationed in Honolulu.

Now he's in Vietnam and Tear Admiral Edwin W. Rosenberg is the new commander of the 7th Fleet Amphibious Force.

It's clear that Admiral Rosenberg is a special kind of fighter, and we thought you'd like to know what kind of guy is commanding that unit.

After General Grant's bloody defeat at Shiloh, influential Republicans demanded that Lincoln remove him from command, Lincoln's answer was brief: "I can't spare this man; he fights."

The same may be said for Admiral Rosenberg.

Earl Jarvis says people who give up smoking usually substitute something for it -- like bragging!

THE DATE BOOK: Jan. 14, 1914 (55 years ago), Henry Ford Revolutionized manufacture of automobiles by inaugurating use of assembly line technique; Jan. 15, Final installment due to 1965 estimated Federal Income Tax; Jan. 16, 1920 (49 years ago), America went dry when Prohibition became effective; Jan. 16, 1920 (49 years ago), America went dry when Prohibition became effective; Jan. 17, 1706 (253 years ago), Benjamin Franklin was born; Jan. 17, 1917 (52 years ago), U.S. purchased Virgin Islands from Denmark for \$25 million.

Superintendent. In Memphis, a man standing precariously on the roof of an eleven-story hotel told the two policemen who rushed up to prevent him from jumping that he was only watching a construction job.

Give any woman a chance, and she will boss any man on earth.

THUMB ON NOSE
James R. Hoffa is in a federal prison, convicted of jury tampering. Just the same, Hoffa has been re-elected as president of the local union in Detroit which was the base from which he took off in his high-flying days.

When nearly 6,000 teamsters vote for this convict there is an element of reprisal after he gets out. That is bad.

Worse is the attitude of those who made the election campaign on his behalf. They might as well have posed for pictures while thumbing their noses at the flag and jury system defense for the rest of us.

Commercial Appeal

SOUTH NO HAVEN FROM FLU
If you've been thinking of going south to escape the flu, or even that chronic winter cold, forget it.

A hot climate is no guarantee against runny noses, sore throats, clogged sinuses and all the other nagging aches and pains of what the medical trade terms respiratory infections.

In fact, it could be just the opposite, according to a four-year study of student ailments conducted jointly by the University of Wisconsin and the University of the Philippines and reported in the Wisconsin Research Newsletter.

Both schools kept track of the causes of all admissions to university infirmaries. Results showed that in the tropical Philippines, almost 50 out of every 1,000 students were hit by respiratory infections on a yearly average, twice the sniffling incidence among students in wintry Wisconsin.

Weather was a factor at both schools - illness peaks occurred during the rainy season in the Philippines and the cold winter months in Wisconsin - but only because it kept students cooped up in crowded classrooms and dormitories, hothouse atmospheres facilitating the spread of cold-causing viruses.

In short, the danger lies not in the weather outside but the company you keep inside. Which may be some cold comfort to snowbound millions. - DG

It is interesting - to see a driver cut in and out of traffic to gain one car length - and irritating.

Supply and Demand. In Neustift, Austria, Fritz Rambusek, hired to blow the bugle which summons firemen, explained why he had set fire to several buildings: "I like to blow (the Bugle), and didn't have much opportunity otherwise."

Every woman at some time in her life has been told she is good looking, and at some time in her life has believed it.

PERMISSIVENESS

Perhaps it was 30 years ago that Philosopher proposed a theory that disciplining a child, retarded and perhaps destroyed the development of personality. That made it easy for indulgent parents. No longer were the children required to be at the table at meal time.

Then it was decided by the Professional Educators, that learning the Alphabet required self discipline. Combinations of the letters of the alphabet can make up a limitless number of words, but for 20 years the children were taught to read by words, not by letters. As a result we have a generation of people who are slow readers. We have a TV Commercial telling how for a fee a person can learn to read "very fast."

Next the Teacher was prohibited by law from resorting to physical punishment. The "brats", and every class has one or more, boy or girl, must be charmed into being quiet so that the would be students can attend to the lessons. For the brats, school must be interesting and enjoyable, or else no one can learn, Mr. Humphrey proposes more "teachers"; perhaps the schools need more discipline, work, and less play.

Now learning the Multiplication Tables is too hard, and we have the New Math.

The Wagner Act, under Franklin D. Roosevelt, said that Labor Unions could do no wrong, while at the same time the Employer could do no right. As a result, at long last, we have ever increasing prices, and strikes against the people, that is you and me; airline pilots, telephone workers, garbage collectors, school teachers, etc. This permissiveness has gone to far for the good of the rest of us.

Within the last three or four years the Supreme Court handed down Decisions which "freed" men convicted of serious crimes, because somewhere between arrest and conviction, their Constitutional Rights had been violated. Thus the far of punishment has been reduced in the minds of potential criminals. It is the fear of punishment that prevents a robbery. Police can hardly be on the scene before the robbery. During our telephone strike there were many sabotages, but very few arrests.

It appears now that the Chicago Riots were planned by three men who had previously bragged that they would disrupt the Democrat Convention. These fellows violated a Federal Law when they crossed State Lines to enter Chicago. The Administration in Washington was permissive. The organized rioters were stopped in "their tracts" by the Chicago Police, who so far have not learned to be "permissive."

When a girl goes out of town and comes back engaged, she looks with particular contempt on the horde fellows who didn't have enough sense to see how desirable she is.

Nearly everyone is chasing one or more of three things: love, money or booze.

"Timely Items" published by the Public Service Company of Colorado noted that at least 8 out of 10 families in the U.S. save trading stamps. Last year Americans used them to obtain an estimated \$887 million worth of merchandise - about \$221 million of it during the Christmas season alone.

When a girl gets married and leaves home her mother is apt to talk about the "sunshine" being gone from the house, but the neighbors are not sympathetic unless "Sunshine" was a good girl to help with the dishes, cooking and housework.

When a man's name appears in a newspaper three consecutive days people begin asking him how much he pays.

Sikeston playboy has just returned from famous Los Vegas where he is reported to have had his wallet removed painlessly.

Washington - Merry Go - Round

By Drew Pearson

Drew Pearson and Jack the LBJ ranch where he gave the newly reelected President some strong advice to get out of potent voice in U.S. foreign policy; in 1954 he warned against courting war in French Indo-China; Pueblo Chief should have followed his advice and scuttled spy ship.

WASHINGTON-The public saw a new face presiding over the Senate as the electoral college ballots were counted - that of Richard Brevard Russell of Georgia, elder statesman of the Senate. It was a stern face which gives Russell the appearance of being tougher than he is. Actually he's a compassionate human being, who has been known to go out of his way to help a small dog get through the revolving door of the Senate jingles, Sen. Russell observed: "That means war."

Secretary Dulles denied this, claimed the United States would only send a police force.

"When you commit the flag," said Russell, "you commit the country. And that is war."

Sen. Earle Clements of Kentucky asked Radford whether the other join Chiefs agreed with him about sending troops into the jungles.

"I'm only the one who favors this. But I am the only one familiar with Southeast Asia."

It was this searching cross-examination by Democratic Senators, plus a statement which surprised many diplomats - that the United States should resume diplomatic relations with Red China. When two nations talk together, he intervention.

Note-Later the same year,

Looking through the back however, Eisenhower did send a file of the Washington thousand troops into South Vietnam, and this force has now not so surprising. Russell has mushroomed into 545,000 men been consistently opposed to the under Presidents Kennedy and Johnson.

Supply and Demand. In Neustift, Austria, Fritz Rambusek, hired to blow the bugle which summons firemen, explained why he had set fire to several buildings: "I like to blow (the Bugle), and didn't have much opportunity otherwise."

Every woman at some time in her life has been told she is good looking, and at some time in her life has believed it.

You're Over 30--Out!"

TOMORROW

They see him doing his building his "New Democracy" homework. They see him, as the the impression that Ted anonymous "Mr. Lobby"

Under the ancient doctrine of caveat emptor (let the buyer beware), business is usually lousy. Nations in which you have to bite the coins to be sure they are genuine, where colors run, buildings collapse and the bouillabaisse is iridescent with the flesh of long-departed fish, life is chancy and the market place is fitful and quarrelsome. Nothing rings the cash register like confidence.

GOVERNMENT is capable of bureaucratic idiocy and overmeddling. But where government increases the confidence of the buyers in a commodity, that commodity sells better. How many Christmas lights would you have if you never knew which string was faulty?

AN AUTOMOBILE tire, like a high-speed tire, is a compromise between conflicting virtues. The most efficient airplane in terms of fuel would be eggshell-weak. The utterly safe plane couldn't get off the ground.

Vila noted that long tire tread-wear means harder riding. The best traction means higher noise levels. The more blowout resistance, the higher the manufacturing cost.

Clearly, here is a need for better consumer guidance than what can be found in the sellers' puffs. A bad tire buy that results in sudden failure does more than risk the neck of the buyer. It may kill the prudent family in the other lane who might have got this new changed.

The dozen American spy ships still operating throughout the world have also been ordered to keep a safer distance from hostile shores. The Pueblo, for example, hasn't been replaced off the North Korean coast because of the risk. This has restricted U.S. ability to monitor one of the principal Soviet submarine and shipping corridors in the Far East.

Despite all the precautions, however, insiders admit that the United States probably couldn't stop a hostile power from seizing another spy ship. In the last analysis, the commander would have to take Sen. Russell's advice and scuttle the ship.

"I sincerely believe that it is only to endorse the concept of grade labeling and uniform tire testing, but to co-operate wholeheartedly in making certain that the system eventually adopted is a help, not a hindrance, to the consumer."

"Let us be leaders, not reluctant dragons, in this great matter of great diversity, as new wave of 'consumers' that are sweeping the country. Let us adopt as our basic marketing philosophy an attitude that may be expressed as cognoscat empor."

Churches To Study Use Of Computer

Use of the computer in church record keeping will be the topic for a workshop at Columbia Jan. 15, 10:00 a.m. to 3:00 p.m., at the Missouri United Methodist Church.

The Rev. Ken Callahan, Lovers Lane United Methodist Church of Dallas, Texas, will serve as the chief resource person. Callahan has wide experience in using the computer in the church program, and has studied extensively the theological background and meaning of the process of record-keeping.

Two staff members of the Missouri United Methodist Church will serve as resource persons: Mr. Charles Jansen, business administrator, and Mrs. Marjorie Poff, church secretary. Other program personnel include Dr. James McQuig, associate professor of atmospheric sciences of the University of Missouri, and Mrs. James McQuig, administrative assistant of the computer center of the University.

The workshop is being sponsored by the Department of Church and Community, Missouri Council of Churches. The Rev. Melvin West, chairman of the department, gives the following purposes for the meeting: to learn of the experience of churches that are now using the computer in their records system; to explore the theological background of record keeping; to learn some of the techniques involved in using the computer; and to explore the challenges and possibilities that the computer offers the Church.

The meeting will be of special interest to pastors, church business administrators, secretaries and decision-making laymen in the church. Laymen who use computers in their business have been encouraged to attend as many of them will be involved when the local church moves into computer record keeping.

Women's Club Activities

NEW MADRID - Mrs. Jim Edwards was hostess and moderator for a study and discussion of "Jesus' Ministry In Galilee" at the meeting of circle one of the First Presbyterian Church Thursday.

Opening prayer was given by Mrs. Ruby Glenn.

Participating were Mrs. Algie Edwards, Mrs. Hazel Barnett, Miss Linda Stewart, Miss Lois Willett, Mrs. Carrie Shaver, Mrs. Mabel Hawkins, Mrs. Charles Johnstone and Miss Shirley Henderson.

The meeting was closed with prayer by Mrs. Johnstone.

Yum-yum salad and coffee were served by the hostesses.

The next meeting will be with Mrs. Hawkins Feb. 6.

NEW MADRID - Dr. Jans van der Graaf, pastor of the First United Methodist Church at Kennett, spoke at the regular monthly meeting of St. Ann's Sodality Tuesday.

Introduced by Mrs. Glenn Alexander, president of the sodality, Dr. van der Graaf presented the origin of the Methodist movement in England many years ago and the development of the Methodist Church in the United States.

Emphasizing similarities of belief in the Catholic and Methodist traditions, differences in the two churches were also included.

Discussion by the group followed. Points were suggested for further discussion between Dr. Van der Graaf and the Rev. Fr. Wally Ellinger, pastor of the Immaculate Conception Church.

A report was given on correspondence from Miss Marie Short, Papal Volunteer in Brazil, representing the Diocese of Springfield - Cape Girardeau.

The Women's Division of the Chamber of Commerce met Monday at the El Capri at noon for the regular monthly meeting.

Eight members were present, and one guest, Miss Gena Walker.

Plans are being completed for the Office Workers Seminar to be held March 8 at the Holiday Inn.

New Arrivals

GLENNS

Pvt. and Mrs. Dean Glenn, Flat River, are the parents of a son, born Saturday in the Madison Memorial hospital in Fredricktown. The couple's first child, Darren Craig weighed seven pounds, 11 $\frac{1}{2}$ ounces. Mrs. Glenn is the former Diana Sparks, daughter of Mr. and Mrs. Murphy Sparks of Flat River. Glenn is the son of Mr. and Mrs. Charlie Glenn of New Madrid, and is stationed at Ft. Gordon, Ga..

ARMS

Mr. and Mrs. Rodger Arms, Sikeston, are the parents of a son, born Friday in the Missouri Delta Community hospital.

Despite Indictment

Vice President Aaron Burr presided over the U.S. Senate while he was under indictment for murder, after the duel in which he killed Alexander Hamilton.

Dates for Workshops Announced

The next meeting date is Feb. 2.

St. Ann Altar Society of the St. Francis Xavier Catholic Church met in the school cafeteria Thursday for the regular monthly meeting.

The meeting was called to order and the minutes of the last meeting were read and approved and the treasurer's report was heard.

The main item of business for the evening was installation of officers for 1969. They are: Mrs. Lucille Schorle, president; Mrs. Sally Beckmann, vice president; Mrs. Rose Ann Martin, secretary; Mrs. Jerry Lewis, assistant secretary; Mrs. Marie Jameson, treasurer; and Mrs. Betty Bechtold, assistant treasurer. The installation was closed with a prayer, and the good wishes of all members were extended to the new officers.

Committee chairmen gave their reports, and special attention was given to the nursery. Many parents seem to forget that there is a nursery for little children, with good adult supervision, each Sunday during the 10 o'clock Mass.

Two amendments to the constitution of the St. Ann Society were read and discussed. These amendments will be read for the third and last time at the February meeting, after which the membership will vote for adoption or rejection of the changes.

Closing remarks were given by Father Robert Schumacher. A social hour followed, and refreshments were served by the hostesses of the evening; Mrs. Lucille Litchford, Mrs. Veda Crane, and Mrs. Bernice Buck.

Troop 159 prepared and served refreshments during the holiday Tour of Homes, at the home of their leader, Mrs. Doggett.

Troop 201, under the leadership of Mrs. Maurice Stauffer, took a tree and dolls, which they had dressed, to the pediatrics ward at the hospital.

Announcements of training sessions and workshops were as follows: Troop management for all management for all Junior, Cadette, and Senior leaders will be held at the First Christian church from 10 a.m. to 2:30 p.m. Jan. 21. Cadette challenges workshop and Senior Leaders roundtable in Dexter, from 10 a.m. 2 p.m. at the First United Methodist church Jan. 30; A ceremonies workshop will be held in Sikeston at the First Christian church from 10 a.m. 2 p.m. Feb. 18. The Senior planning board will meet at the Hickory House in Malden at Noon Jan. 18. The Cadette convention is set for Jan. 25 at the Dexter high school, beginning at 9:15 a.m. All leaders of these troops are urged to attend these workshops.

Tentative plans were discussed for Girl Scout Week, March 9-15. Neighborhood cookie chairman for 1969 is Mrs. Ray Clinton. It was announced that the Juliette Low World Fund, made up of the Scouts' contribution was nearly double that of last year.

The March Neighborhood meeting will be held at the home of Mrs. Robert White March 5.

The ex was a blessing to the early settlers as they pushed westward.

Once considered useless the offspring of a milk cow the ox could carry burdens and pull a wagon over terrain that horses could not. Also, the ox was not as attractive to the marauding Indians who wanted fast mounts. This passive animal was used for plowing until the time that it was needed for food. Old ox yokes, carts and wagons can be seen at the Harold Warp Pioneer Village at Minden, in south central Nebraska.

MOREHOUSE - J. W. Crowley Sr. celebrated his 90th birthday Sunday at his home with members of his family present.

Attending the birthday dinner were, Mrs. Crowley, and their three sons, Mr. and Mrs. Ray Crowley, Morehouse, Mr. and Mrs. Claude Crowley and son Robert, Sikeston; Mr. and Mrs. Jerry Crowley and children, Sikeston. Another grandson, Jimmy Crowley of Shreveport, La., is in the US Navy, stationed at San Diego, Calif.

Iris Slides To Europe

Eugene Buckles, 535

Kathleen, has been invited by the Botanic Gardens of the University of Zurich, Switzerland, to exhibit colored slides of his Iris introductions at an Iris and Lily meeting to be held there Jan. 25.

In addition to the showing of slides, there will be speakers from Oregon, England, and Munich, Germany.

Buckles will not attend the meeting, but he is sending his slides.

Activities included those by Troop 22, led by Mrs. Bennie Walker, who decorated jars for candy dishes and presented them as gifts to patients who would be confined to hospital rooms during the holidays.

Each of the five patrols in this troop bought a Christmas tree, made decorations for it, and presented it to a family whose name was obtained from the welfare office. Toys and candy were also given these families.

Troop 159 prepared and served refreshments during the holiday Tour of Homes, at the home of their leader, Mrs. Doggett.

Troop 201, under the leadership of Mrs. Maurice Stauffer, took a tree and dolls, which they had dressed, to the pediatrics ward at the hospital.

Foster and the coordinator, Mrs. Altha Gunn, explained General Education Development and pre-employment classes offered through the DAEOC, also services offered through Health Aide and Nutritional Classes.

Those interested in obtaining additional information concerning the programs offered by DAEOC may visit the center personally or call 471-4113 Monday through Friday.

Woodland Wins Pair

CARTHERSVILLE Wins

CHARLSTON — Coach Howard Suiter's undefeated Blue Jay wrestlers easily swept by the Dexter Bearcats Thursday night 53-3. Charleston put 10 of their 12 Dexter opponents' shoulders to the mat.

This is Dexter's first year at the sport and it as though they bit off more than they could handle in starting the season with the tough Blue Jays.

Charleston will host the annual Tri-State Invitational Tournament with teams entered from two different states. Jackson, Sikeston, Charleston, Dexter, East Prairie, from Missouri, and Hopkinsville, Princeton, and Ft. Campbell from Kentucky are entered.

McKinney's Goal Lifts Kennett

JACKSON — Ed McKinney's goal with 14 seconds remaining in the game lifted Kennett to a 52-51 SEMO conference win over Jackson here last night, after the host claimed a 43-34 junior varsity win.

Jackson took a 17-12 first period lead and fought an uphill

battle to take the lead 42-39 at the end of three periods and then swapped leads with the host in the final quarter.

Randy Fingers scored 19 points while McKinney added 18 points while McKinney added 18 to lead the Indians winning parade.

Jeff Landgraf totaled 20 for the host, who had King and Illers adding 11 points each.

NEELYVILLE

REBOUNDING was a big factor in its 84-60 win over Matthews last night. That form is demonstrated by the Eagles' Fred Johnson who battles an unidentified Pirate cager for the ball. Oran's Rodney LeGrand watches the play.

"How Sweet It Is" For Oran

MATTHEWS — Oran fans got even with Matthews last night when their Eagles soared to a 84-60 win over the Pirates for their 17th consecutive victory.

Last year, when Oran was upset by Matthews in regional Class M finals, Pirate fans were printed in Orans school color, which is blue.

Bluejays Pin Ten For Win

CHARLESTON — Coach Howard Suiter's undefeated Blue Jay wrestlers easily swept by the Dexter Bearcats Thursday night 53-3. Charleston put 10 of their 12 Dexter opponents' shoulders to the mat.

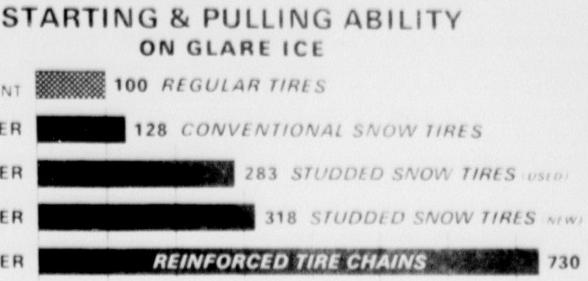

This is Dexter's first year at the sport and it as though they bit off more than they could handle in starting the season with the tough Blue Jays.

Charleston will host the annual Tri-State Invitational Tournament with teams entered from two different states.

The Safe Winter Driving League presents the above findings of the National Safety Council's Committee on Winter Driving Hazards. These tests, conducted on a glare ice course at Stevens Point, Wis., disclosed that conventional snow tires provided only a small improvement in pulling ability as compared with regular tires. Studied tires developed about three times the pull of regular tires, and reinforced tire chains developed about seven times the pull of regular tires.

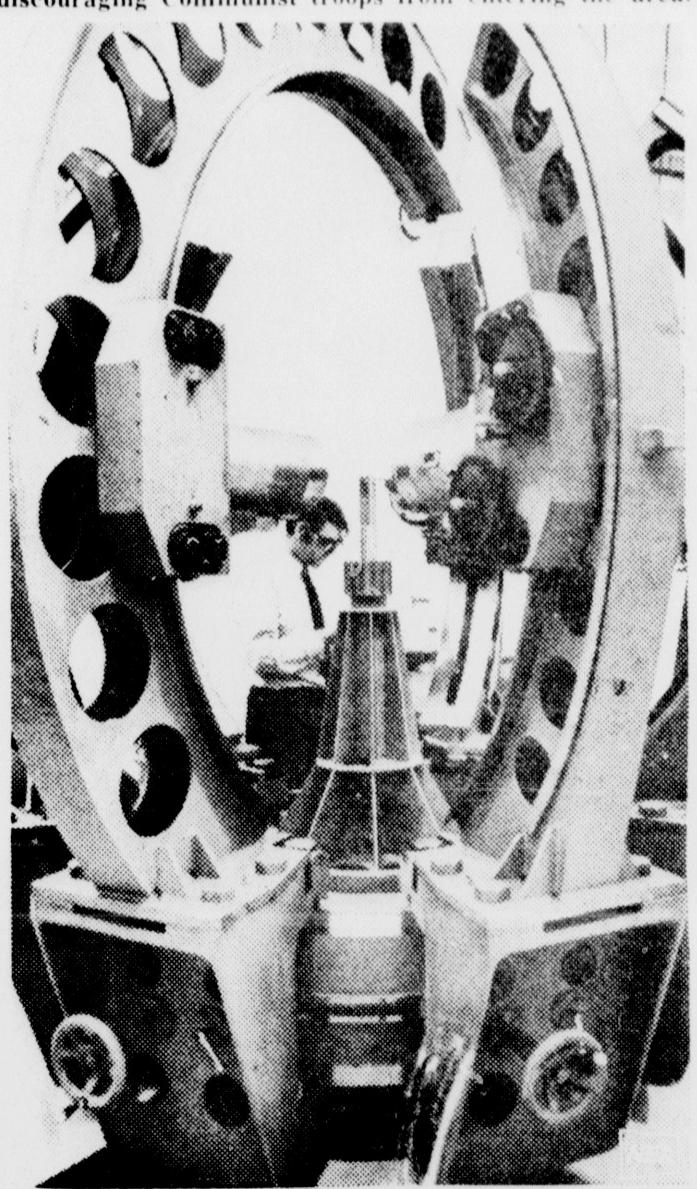

Regardless of the type of traction device employed, however, the League reminds motorists that driving speeds on icy pavements must be sharply reduced.

CANNY REMINDER to motorists pleads for clean highways. The "scarecrow" of tin cans was created by 4-H club members after they picked up litter strewn along the road running through Hardenville, Mo.

DEFOLIATING an area near Saigon, Air Force jets fly along the Cambodian border spraying a chemical that removes foliage from trees without harming them. Removing foliage exposes enemy hiding places as well as discouraging Communist troops from entering the area.

CANADIAN UNIVERSITIES, employing multimillion dollar equipment, are busily competing in the nuclear research race. Here is the University of Montreal's enormous Lotus, which receives atomic particles sent along laboratory firing ranges at near-cosmic speeds.

Inn Landers

Uncle Molests Niece

Dear Ann Landers: God bless you for printing that letter about the old uncle who molested the little girls in the family. You'll never know what you did for me.

I am 16 years old and for years - exactly how many, I can't remember - I have kept a secret locked inside me. Just reading that letter has made me feel 100 percent better. I always thought I was a freak - that no one but me had ever had so horrible an experience. Now I know I am not alone.

Sandy has gone crazy over a sailor who is stationed near here. The boy, 20 years old, doesn't say much, and for the life of me I can't figure what she sees in him. He has a hula dancer tattooed on one arm and a U.S. flag on the other. The boy is never without a cigarette in his mouth. He stands with his thumbs hooked in his pants. My husband can't stand him.

Last night Sandy said they want to be "pre-engaged" before he ships out. This means they promise to wait for each other and the promise is sealed with a ring. We are ready to say yes just to get some rest. Should we? - TIRED OF FIGHTING

Dear Tired: No. A 15-year-old girl has no business getting pre-engaged, whatever that means, and you should not allow it.

Parents would be surprised at what can be accomplished if they take a position and let their kids know they mean it. It's always easier to say yes than no, but the easy out adds up to total abdication of parental responsibility.

How far should a teenage couple go? Can necking be safe?

When does it become too hot to handle? Send for Ann Landers' booklet, "Necking And Petting - What Are The Limits?" Mail your request to Ann Landers in care of your newspaper enclosing 50 cents in coin and a long stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

N.E. Fuchs, Jr. vs. Jeffie DeWitt, PROMISSORY NOTE. Plaintiff and attorney in Court. They file Satisfaction of Judgment.

Fanny Cook vs. Agnes McCollum, PERSONAL INJURIES.

Parties in Court with their attorney's, ready for trial, and a jury is sworn in.

Plaintiff in court by agents and attorney, along with Commissioners C.R. Conn, C.B. Taylor and Tom Welsmann. Commissioners are sworn and instructed.

E.H. Holt vs. Judith Ann Holt, DIVORCE. Leave granted Gilmore & Gilmore to file Motion to Withdraw as attorneys for plaintiff.

Motion sustained.

Mo. Utilities Co. vs. Scott-New Madrid-Miss. Co. ELECTRIC COOPERATIVE, INDUCTION.

Leave granted plaintiff to file Motion for New Trial. Motion is taken up, considered and overruled by the Court.

Leave granted plaintiff to file Notice of Appeal. Appeal Bond fixed at \$2,500.

Jacquelyn A. Shinkard vs. P.H. Shinkard, DIVORCE.

Parties attorney's in Court. Plaintiffs Motion to Modify Decree is taken up, considered and taken under advisement.

Jerry Fincher, et al. vs. Ivory M. Harris, WRONGFUL DEATH.

Leave granted parties to file Release from Liability and Satisfaction of Judgment.

interestingly enough, but a family friend or a relative.

Dear Ann Landers: Our daughter was 15 in September but she looks and acts older. Sandy started to date when she was 12. I wasn't very happy about it but she was always ahead of her years and there was no way I could hold her back.

Sandy has gone crazy over a sailor who is stationed near here. The boy, 20 years old, doesn't say much, and for the life of me I can't figure what she sees in him. He has a hula dancer tattooed on one arm and a U.S. flag on the other. The boy is never without a cigarette in his mouth. He stands with his thumbs hooked in his pants. My husband can't stand him.

The editor's family acknowledges with thanks the receipt of ribs and sausage from Mr. and Mrs. W.S. Smith, Mr. and Mrs. Sam Potashnick, and Mr. and Mrs. Ranney Applegate, it being hog killing time at their homes. A few more such generous helpings along this line as have come to us of late, will tide us over until greens arrive in the spring.

Miss Oral Cleaver left the first of the week for Stephens College in Columbia to resume her studies.

N.E. Fuchs, Jr. vs. Jeffie DeWitt, PROMISSORY NOTE. Plaintiff and attorney in Court. They file Satisfaction of Judgment.

Fanny Cook vs. Agnes McCollum, PERSONAL INJURIES.

Parties in Court with their attorney's, ready for trial, and a jury is sworn in.

Plaintiff present's case, and at its close, defendants attorney File Motion for a Directed Verdict, which Judge Craig overrules.

Then the defendant presents her case, and at its conclusion, her attorney files a Motion for Directed Verdict, which Judge Craig again overrules.

The Judge then instructs the jury as to the evidence and the law, and they retire to consider their verdict, at 2:56 p.m. On the same day, at 3:50 p.m. they return to the Courtroom and announce their verdict:

We, the jury, find the issues in favor of plaintiff and against defendant, and assess damages at \$125.00.

Judgment accordingly.

E.H. Holt vs. Judith Ann Holt, DIVORCE. Leave granted Gilmore & Gilmore to file Motion to Withdraw as attorneys for plaintiff.

Motion sustained.

Mo. Utilities Co. vs. Scott-New Madrid-Miss. Co. ELECTRIC COOPERATIVE, INDUCTION.

Leave granted plaintiff to file Motion for New Trial. Motion is taken up, considered and overruled by the Court.

Today In U.S. History

By THE ASSOCIATED PRESS

Today is Saturday, Jan 11, the 11th day of 1969. There are 354 days left in the year.

Today's highlight in history: On this date in 1943, during World War II, the United States and Britain relinquished extraterritorial rights in China.

In 1569, the first lottery in England was drawn in St. Paul's Cathedral under patronage of Queen Elizabeth I.

In 1757, the American statesman and first secretary of the treasury, Alexander Hamilton, was born in the West Indies.

In 1785, the Continental Congress convened in New York.

In 1788, pioneers set out from Hartford, Conn., to settle Ohio.

In 1942, Japanese invaders were moving into the Dutch East Indies early in the Pacific war.

In 1945, a truce was reached in the Greek civil war.

Ten years ago: The United States, Britain and West Germany rejected a Soviet proposal for a 2-nation conference to negotiate a German peace treaty.

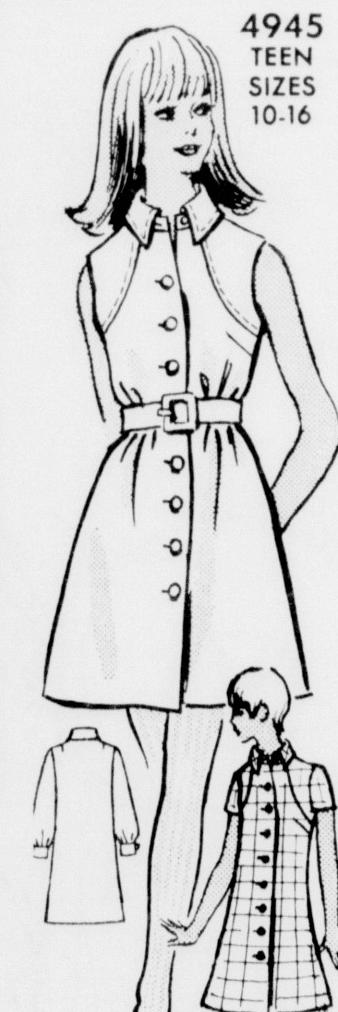

Five years ago: The U. S. government released a report that cigarette smoking is a definite health hazard.

One year ago: Israel and the United Arab Republic reached an accord to exchange prisoners of war.

Although the mudskipper is a true fish, it leaves the water to hop about on mud flats and in mangrove swamps.

OBITUARIES

CECIL KPEWEN

OMISSION

PORTEGEVILLE - Cecil Kpewen, grocery owner and operator, died Friday in Southeast Missouri Hospital in Cape Girardeau.

He was born Jan. 20, 1904 in Paseo. He was the son of the late John and Rena Knight Koewen.

Mr. Koewen was a member of the Church of God. In 1928, he was married to Miss Pearl Elizabeth Oliver. She survives.

Other survivors include one son, Rex Koewen, Memphis; one daughter, Mrs. Rena Pitts, Jonesville, La.; one brother, Earl Koewen, Luther, Mich.; two sisters, Mrs. Ora Buchanan and Mrs. Virtue Molott, both of Indianapolis, Ind.

Services will be 2:30 p.m. Sunday at the DeLisle Funeral Chapel in Portageville with the Rev. Tom Smith officiating.

Burial will follow in the Mounds Park Cemetery near Lilliburn.

MRS. ANNA KIMBREL

BROSELEY - Mrs. Anna Hunsucker Kimbrel, 64, was killed in a car-train accident Friday afternoon five miles east of Poplar Bluff. Her husband, Clarence Kimbrel was born Sept. 18, 1904 at Campbell.

She is survived by 13 children: James Kimbrel, Hazelwood; Mrs. Virginia Sherlifer, Dexter; John D. Kimbrel, Dexter; Alvin Kimbrel, 69, died Friday at his home. He was born Dec. 22, 1899 in Pontiac, Mich.; Mrs. Linda Fowler, Pontiac, Mich.; Pansy in Evansville, Ind.

A retired farmer, he married Bertha Rogers Jan. 19, 1925, Kimbrel, Wisconsin; Bill Kimbrel, Wisconsin; Bill who survives.

Other survivors are a daughter, Mrs. Marjorie Marler, St. Louis; one sister, Mrs. Ada Bernie; three sisters, Lola Trotter, Blushing, Mich.; and Sandifer, St. Louis; Ruth Jones, Bloomfield, and Edith Mayfield, Flint, Mich.; six stepchildren, 60 grandchildren and three great grandchildren.

Arrangements are incomplete.

MARION STEWART

CHARLESTON - Marion Franklin Stewart, 86, a resident of Charleston and a retired farmer, died at midnight Friday in the St. Mary's Hospital in Cairo, Ill.

He was born Jan. 20, 1882 in Mississippi county, where he lived most of his life. He was the son of the late Jesse and Hannah Martin.

Surviving are two sons, Lonnie and Delbert Stewart, Charleston; three daughters, Mrs. Mary Champ, Chicago, Ill., Mrs. Virginia Carter, Houston, Tex., and Mrs. Dorothy young, California; 27 grandchildren and 18 great grandchildren.

The body is at McMickle Funeral Home in Charleston, where friends may call after 4 p.m. today.

Services will be conducted at 1 p.m. tomorrow at the McMickle Funeral Chapel with the Rev. Homer Stallings officiating.

Burial will be in the New Prospect Cemetery in Norris City, Ill.

ALVA SINKHORN

ESSEX - Alva "Al" Sinkhorn, 69, died Friday at his home.

He was born Dec. 22, 1899 in Pontiac, Mich.

A retired farmer, he married Bertha Rogers Jan. 19, 1925, Kimbrel, Wisconsin; Bill Kimbrel, Wisconsin; Bill who survives.

Other survivors are a daughter, Mrs. Marjorie Marler, St. Louis; one sister, Mrs. Ada Bernie; three sisters, Lola Trotter, Blushing, Mich.; and four grandchildren.

The Governor has said he is in favor of that if the money can be found to finance it.

One newsman said there were reports that he was playing politics and was declining to recommend a tax increase because he had further political aspirations after being governor.

"What could I run for?" Hearnes asked. He said, "There are more rumors in Jefferson City than there are blades of grass in the spring."

Hearnes said he thought it was up to the Senate to handle any revenue producing bills and the house to handle the appropriation bills. If the legislature fails to come up with any added money to finance capital improvements at state institutions, he said, he intended to ask that buildings be financed with a bond issue.

He said he thought it was up to the Senate to handle any revenue producing bills and the house to handle the appropriation bills. If the legislature fails to come up with any added money to finance capital improvements at state institutions, he said, he intended to ask that buildings be financed with a bond issue.

Recreational vehicles, such as motor homes, are expected to continue selling at a rapid pace.

John K. Hanson, president of Winnebago Industries, Inc., said "with over 2 million units now on the road, the industry is expected to sell another half-million vehicles with a dollar value of \$1 billion in 1968."

Hanson said a study showed a tripling in the demand for motor homes with sales of all types of recreational vehicles expected to increase by about 25 per cent this year.

One reason many observers feel the United States has to break loose soon on a housing boom is the worsening shortage of rental housing.

During the third quarter, the Commerce Department says, the vacancy rate for rental units fell to 5.4 per cent, a low for the 1960s. The situation was tightest in the Northeast, 3.4 per cent.

By 1980 it's estimated some 24 million trucks will be operating instead of 16 million, Mark Robeson, president of American Trucking Associations, estimates.

"A lot of new products, and a good many old ones, will be flowing more efficiently and more profitably to more places," Robeson said.

But Tom McNiff, of St. Louis County, 8th district chairman, realized it might conflict with a pre-inaugural dinner for Atty. Gen.-Elect John C. Danforth in Jefferson City, about 65 miles from Rolla where the meeting was scheduled at 2 p.m. so he canceled the meeting and did not set a new date.

McNiff, of St. Louis County, 8th district chairman, realized it might conflict with a pre-inaugural dinner for Atty. Gen.-Elect John C. Danforth in Jefferson City, about 65 miles from Rolla where the meeting was scheduled at 2 p.m. so he canceled the meeting and did not set a new date.

Both a member, Mrs. Estelle Bockhorst of Jefferson City, said the pro-Steelman forces were angry and "we did exactly what they did to us last month and called our own meeting."

Steelman had declined to call the December meeting so it was called by petition signatures of a majority of the state committee. Then Steelman was ousted and Elmer Smith of St. Louis County was elected to replace him. Smith was campaign chairman for Lawrence K. Roos, the defeated GOP candidate for governor last year.

If the 8th District Committee is successful in dropping the pro-Smith state committee members then further efforts will be made to reorganize the state committee and re-elect Steelman as chairman.

The fall semester ends Jan. 18 following a week of final examinations which start Jan. 13. On Jan. 19, convocation will be held for those who will have completed degree requirements at the end of the semester.

The University of Missouri-Rolla offers degrees in engineering, science, the humanities and social sciences.

The school grants more undergraduate engineering degrees than any accredited institution west of the Mississippi River. It ranks first in the nation in engineering bachelor's degrees granted in civil engineering and metallurgical engineering.

With mounting needs, increased expenses and a decrease in personnel available to contribute services, the private agency finds it no longer able to provide 100 per cent funding of the programs it operates and still respond adequately to the needs of the students," the bishops said.

About 140,000 students-16 per cent of the state's school-age population-are enrolled in Catholic schools.

The rate of return is 4.16 per cent.

For years the PSC has used the rule of thumb of allowing up to 6.5 per cent net rate of return.

But Shockley and Moran said interest rates have gone up sharply and if 6.5 per cent was applicable 10 years ago then 8.5 per cent or nine per cent would not be unreasonable now.

R. R. Shockley, Bell's vice president and general manager, said the first increase requested since 1962 has become necessary because of higher labor, material and tax costs.

R. A. Moran, chief accountant, testified that the present fair value of the Bell property in Missouri is \$832 million. He said if the full increase is granted the firm's net rate of return will be 8.79 per cent. On present revenues the

Hearnes Defends Method

Business Trends

By THE ASSOCIATED PRESS

Americans are expected to spend \$106 billion on food this year-\$5 billion more than in 1968.

Food Engineering reports that "under pressure of the inflated costs of growing, processing and distribution, food prices may rise 3 per cent by the end of 1969."

The magazine said food manufacturers planned to invest about \$1.6 billion this year "to improve efficiency and minimize the effect of rising costs on prices. The manufacturers will expect to spend 12 per cent more for better plants and equipment than they did in 1968."

The soft drink industry had an estimated \$3.95 billion in wholesale sales in 1968, or 11.3 per cent higher than the previous year, and "the trend to higher consumption of soft drinks is expected to continue," according to Standard & Poor's Corp.

It said that while the 1968 gains "reflect in part an exceptionally warm summer throughout the U.S., sales should continue to make above-average progress in 1969"-reflecting increasing leisure time and general population growth."

Recreational vehicles, such as motor homes, are expected to continue selling at a rapid pace.

Dr. Leo Luka, Polk County medical examiner, testified that Pamela died of suffocation or "was smothered." She had been sexually molested, but not raped, Luka said.

In the federal courts suits Marguerite Oswald claims the defendants made false and misleading statements about her and her son, who was named by the Warren Commission as the rifleman who shot President John F. Kennedy.

One petition names Rep. Gerald R. Ford, R-Mich., along with John R. Stiles and Simon & Schuster, Inc. Ford was a member of the Warren Commission and wrote a book about its probe of the Kennedy assassination Nov. 22, 1963, in Dallas.

The meeting was called initially in an effort to unseat three state committee members who had helped throw Dorman L. Steelman of Salem out of the office of state chairman last Dec. 13.

But Tom McNiff, of St. Louis County, 8th district chairman, realized it might conflict with a pre-inaugural dinner for Atty. Gen.-Elect John C. Danforth in Jefferson City, about 65 miles from Rolla where the meeting was scheduled at 2 p.m. so he canceled the meeting and did not set a new date.

Both a member, Mrs. Estelle Bockhorst of Jefferson City, said the pro-Steelman forces were angry and "we did exactly what they did to us last month and called our own meeting."

Infantry Squad Overrun; Reds Step up Shelling

SAIGON (AP) - An American arrived too late to catch the squad sent out to ambush the enemy.

Viet Cong in the Mekong Delta was overrun early today and all 11 men were killed or wounded.

The squad numbered nine GIs and two Tiger Scouts, former Viet Cong who had defected. A spokesman said six Americans and one of the scouts were killed, and the others were wounded.

The squad, of the 3rd Brigade, 9th Infantry Division, managed to radio a distress call from the area 30 miles southwest of Saigon, but reinforcements

emphasize Hanoi's displeasure with the deadlock in the Paris peace talks.

American and South Vietnamese headquarters said over-all casualties were light. More than 100 South Vietnamese and a lesser number of Americans were reported wounded and 10 helicopters were damaged.

The hit-and-run shellings began at about 10 p.m. Friday and continued until just before dawn today. In most of the attacks, flareships were ordered up and allied artillery blasted suspected firing sites, but there were no immediate reports of enemy losses.

Allied officers said the attacks are normally mounted by handfuls of enemy soldiers, sneaking up canals and rivers and through marshy areas in darkness. Although such stealth makes the barrages inaccurate, it is considered a cheap way to get propaganda headlines without much risk.

Most were hit by only a few light mortar rounds, but a few installations suffered sustained barrages. One camp of the U.S. Infantry

Division northwest of Saigon was hit by big 120 mm mortars.

The Binh Thuy airfield outside the delta's biggest city of Can Tho, which was shelled Thursday night, caught another 40 bazooka rounds fired from surrounding marshes. Outside My Tho, the delta's second biggest city, a barrage wounded about 80 Vietnamese recruits at a training camp and mortar shells caused some civilian casualties in the city.

Only five of the shellings struck U.S. camps. In most of these, the U.S. Command said, there were no fatalities and very

few men wounded.

The 10 helicopters reported

damaged were at the big U.S. 9th Infantry Division base of Dong

Tam along the Mekong River 40

miles southwest of Saigon. It

suffered a mortar and bazooka

barrage that also wounded some

men and damaged several fram

buildings.

Saturday January 11, 1968. Another golden opportunity will slip through your fingers.

POOR CHARLIE SAYS!
DETERMINED TO SERVE

In all the year-end excitement over the Apollo moonshot, and the release of the men of the Pueblo, a heart-warming news story out of Saigon was overshadowed and obscured. It involved Rear Admiral Edwin W. Rosenberg, who took over command of the 7th Fleet Amphibious Force in Vietnam on December 15.

His credentials as a fighter are impressive.

He was graduated from Annapolis in 1942 and served as a navigator on an aircraft carrier during the war. Three years later, navy doctors forced him to retire from the service. They found that he was a victim of cancer. But, it responded to X-ray treatment, and the doctors who told him at one point that he would be dead in two weeks were amazed. Ed Rosenberg had licked cancer of the kidney.

But there were other battles with that enemy to be fought. Four of them. On two separate occasions he persuaded the board that had retired him that he was cured; but the doctors found another cancer, in the neck, and still again in the groin. Each responded to treatment however, and by 1950 he had whipped them all. And he asked for return to active status.

He was informed that there wasn't a chance; that it would take an act of Congress to restore him to active duty. Iowa's Senator Bourke B. Hickenlooper introduced such a bill; President Harry S. Truman signed it.

By 1952, Rosenberg was in command of a destroyer.

In recent months he has been deputy chief of staff for logistics, personnel and administration for the Pacific Fleet, stationed in Honolulu.

Now he's in Vietnam and Tear Admiral Edwin W. Rosenberg is the new commander of the 7th Fleet Amphibious Force.

It's clear that Admiral Rosenberg is a special kind of fighter, and we thought you'd like to know what kind of guy is commanding that unit.

After General Grant's bloody defeat at Shiloh, influential Republicans demanded that Lincoln remove him from command. Lincoln's answer was brief: "I can't spare this man; he fights."

The same may be said for Admiral Rosenberg.

Earl Jarvis says people who give up smoking usually substitute something for it - like bragging!

THE DATE BOOK: Jan. 14, 1914 (55 years ago), Henry Ford Revolutionized manufacture of automobiles by inaugurating use of assembly line technique; Jan. 15, Final installment due to 1968's estimated Federal Income Tax; Jan. 16, 1920 (49 years ago), America went dry when Prohibition became effective; Jan. 16, 1920 (49 years ago), America went dry when Prohibition became effective; Jan. 17, 1706 (253 years ago), Benjamin Franklin was born; Jan. 17, 1917 (52 years ago), U. S. purchased Virgin Islands from Denmark for \$25 million.

Superintendent. In Memphis, a man standing precariously on the roof of an eleven-story hotel told the two policemen who rushed up to prevent him from jumping that he was only watching a construction job.

Give any woman a chance, and she will boss any man on earth.

THUMB ON NOSE James R. Hoffa is in a federal prison, convicted of jury tampering. Just the same, Hoffa has been re-elected as president of the local union in Detroit which was the base from which he took off in his high-flying days.

When nearly 6,000 teamsters vote for this convict there is an element of reprisal after he gets out. That is bad.

Worse is the attitude of those who made the election campaign on his behalf. They might as well have posed for pictures while thumbing their noses at the flag and jury system defense for the rest of us.

Commercial Appeal

SOUTH NO HAVEN FROM FLU

If you've been thinking of going south to escape the flu, or even that chronic winter cold, forget it.

A hot climate is no guarantee against runny noses, sore throats, clogged sinuses and all the other nagging aches and pains of what the medical trade terms respiratory infections.

In fact, it could be just the opposite, according to a four-year study of student ailments conducted jointly by the University of Wisconsin and the University of the Philippines and reported in the Wisconsin Research Newsletter.

Both schools kept track of the causes of all admissions to university infirmaries. Results showed that in the tropical Philippines, almost 50 out of every 1,000 students were hit by respiratory infections on a yearly average, twice the sniffling incidence among students in wintry Wisconsin.

Weather was a factor at both schools - illness peaks occurred during the rainy season in the Philippines and the cold winter months in Wisconsin - but only because it kept students cooped up in crowded classrooms and dormitories, hothouse atmospheres facilitating the spread of cold-causing viruses.

In short, the danger lies not in the weather outside but the company you keep inside. Which may be some cold comfort to snowbound millions. - DG

It is interesting - to see a driver cut in and out of traffic to gain one car length - and irritating.

Supply and Demand. In Neustift, Austria, Fritz Rambusek, hired to blow the bugle which summons firemen, explained why he had set fire to several buildings: "I like to blow (the Bugle), and didn't have much opportunity otherwise."

Every woman at some time in her life has been told she is good looking, and at some time in her life has believed it.

PERMISSIVENESS

Perhaps it was 30 years ago that Philosopher proposed a theory that disciplining a child, retarded and perhaps destroyed the development of personality. That made it easy for indulgent parents. No longer were the children required to be at the table at meal time.

Then it was decided by the Professional Educators, that learning the Alphabet required self discipline. Combinations of the letters of the alphabet can make up a limitless number of words, but for 20 years the children were taught to read by words, not by letters. As a result we have a generation of people who are slow readers. We have a TV Commercial telling how for a fee a person can learn to read "very fast."

Next the Teacher was prohibited by law from resorting to physical punishment. The "brats", and every class has one or more, boy or girl, must be charmed into being quiet so that the world be students can attend to the lessons. For the brats, school must be interesting and enjoyable, or else no one can learn, Mr. Humphrey proposes more "teachers"; perhaps the schools need more discipline, work, and less play.

Now learning the Multiplication Tables is too hard, and we have the New Math.

The Wagner Act, under Franklin D. Roosevelt, said that Labor Unions could do no wrong, while at the same time the Employer could do no right. As a result, at long last, we have ever increasing prices, and strikes against the people, that is you and me; airline pilots, telephone workers, garbage collectors, school teachers, etc. This permissiveness has gone to far for the good of the rest of us.

Within the last three or four years the Supreme Court handed down Decisions which "freed" men convicted of serious crimes, because somewhere between arrest and conviction, their Constitutional Rights had been violated. Thus the far of punishment has been reduced in the minds of potential criminals. It is the fear of punishment that prevents a robbery. Police can hardly be on the scene before the robbery. During our telephone strike there were many sabotages, but very few arrests.

It appears now that the Chicago Riots were planned by three men who had previously bragged that they would disrupt the Democrat Convention. These fellows violated a Federal Law when they crossed State Lines to enter Chicago. The Administration in Washington was permissive. The organized rioters were stopped in "their tracts" by the Chicago Police, who so far have not learned to be "permissive."

When a girl goes out of town and comes back engaged, she looks with particular contempt on the horde of fellows who didn't have enough sense to see how desirable she is.

Nearly everyone is chasing one or more of three things: love, money or booze.

"Timely Items" published by the Public Service Company of Colorado noted that at least 8 out of 10 families in the U.S. save trading stamps. Last year, Americans used them to obtain an estimated \$887 million worth of merchandise - about \$221 million of it during the Christmas season alone.

When a girl gets married and leaves home her mother is apt to talk about the "Sunshine" being gone from the house, but the neighbors are not sympathetic unless "Sunshine" was a good girl to help with the dishes.

When a man's name appears in a newspaper three consecutive days people begin asking him how much he pays.

Sikeston playboy has just returned from famous Los Vegas where he is reported to have had his wallet removed painlessly.

Give any woman a chance, and she will boss any man on earth.

THE RIGHT OF THE BUYER by Jenkin Lloyd Jones AS NEWS, a man biting a dog isn't a patch on a corporation executive calling for government grade labeling of the product his company makes. This has now happened.

In a little-noticed but most noteworthy speech last month George R. Vila, board chairman and president of Uniroyal, stated that America's tire-buys have been confused long enough.

They have a right, said he, to demand some standards to help them buy intelligently, even if the federal government has to set the standards.

POINTING OUT that there are more than 1,000 tire lines and names offered American drivers, Vila said:

"We observe the claims and counterclaims of many tire advertisers, the loose usage of such terms as 'premium' and 'first line,' the heavy stress on cut prices to the exclusion of other factors.

"What's the best kind of tire for high-speed driving? Is the second-line tire of some brands equal to the first line of the brands? Is one kind of tire cord material better than another?

How much better? What do we mean by a premium tire, anyway?"

AN AUTOMOBILE tire, like an airplane, is a compromise between conflicting virtues. The most efficient airplane in terms of lift would be eggshell weak.

The utterly safe plane couldn't get off the ground.

Vila noted that long tire tread wear means harder riding. The best traction means higher noise levels. The more blow-out resistance, the higher the running cost.

CLEARLY, here is a need for better consumer guidance than what can be found in the sellers' puffs. A bad tire buy that results in sudden failure does more than risk the neck of the buyer. It may kill the prudent family in his brother tire-makers may be the other lane who might have the safest tires on earth but couldn't survive a head-on impact at 130 miles an hour with an out-of-control car only to endorse the concept of weaving across the center line.

SOME enthusiasts for grade labeling would extend government ratings to practically all commodities from pancake mix to parakeets. Industry properly regards these moves with horror. Taste and style are matters of great diversity, as is sweeping the country. Let us adopt as our basic marketing philosophy an attitude that may

Churches To Study Use Of Computer

Use of the computer in church record keeping will be the topic for a workshop in Columbia Jan. 15, 10:00 a.m. to 3:00 p.m., at the Missouri United Methodist Church.

The Rev. Ken Callahan, Lovers Lane United Methodist Church of Dallas, Texas, will serve as the chief resource person. Callahan has wide experience in using the computer in the church program, and has studied extensively the theological background and meaning of the process of record-keeping.

Two staff members of the Missouri United Methodist Church will serve as resource persons: Mr. Charles Jansen, business administrator, and Mrs. Marjorie Poff, church secretary. Other program personnel include Dr. James McQuig, associate professor of atmospheric sciences of The University of Missouri, and Mrs. James McQuig, administrative assistant of the computer center of the University.

The workshop is being sponsored by the Department of Church and Community, Missouri Council of Churches. The Rev. Melvin West, chairman of the department, gives the following purposes for the meeting: to learn of the experience of churches that are now using the computer in their records system; to explore the theological background of record keeping; to learn some of the techniques involved in using the computer; and to explore the challenges and possibilities that the computer offers the Church.

The meeting will be of special interest to pastors, church business administrators, secretaries and decision-making laymen in the church. Laymen who use computers in their business have been encouraged to attend as many of them will be involved when the local church moves into computer record keeping.

Women's Club Activities

NEW MADRID - Mrs. Jim Edwards was hostess and Feb. 2.

St. Ann Altar Society of the Galilee at the meeting of circle St. Francis Xavier Catholic one of the First Presbyterian Church met in the school cafeteria Thursday for the Church Thursday.

Opening prayer was given by regular monthly meeting.

Mrs. Ruby Glenn.

Participating were Mrs. Algie Edwards, Mrs. Hazel Barnett, Miss Linda Stewart, Miss Lois Willett, Mrs. Carrie Shaver, Mrs. Mabel Hawkins, Mrs. Charles Johnstone and Miss Shirley Henderson.

The meeting was closed with prayer by Mrs. Johnstone. Yum-yum salad and coffee were served by the hostess. The next meeting will be with Mrs. Hawkins Feb. 6.

NEW MADRID - Dr. Jans van der Graaf, pastor of the First United Methodist Church at Kennett, spoke at the regular monthly meeting of St. Ann's Sodality Tuesday.

Introduced by Mrs. Glenn Alexander, president of the Methodist, Dr. van der Graaf presented the origin of the Methodist movement in England many years ago and the development of the Methodist Church in the United States.

Emphasizing similarities of belief in the Catholic and Methodist traditions, differences in the two churches were also included.

Discussion by the group followed. Points were suggested for further discussion between Dr. Van der Graaf and the Rev. Fr. Wally Ellinger, pastor of the Immaculate Conception Church.

A report was given on correspondence from Miss Marie Sharp, Papal Volunteer in Brazil, representing the Diocese of Springfield - Cape Girardeau.

The Women's Division of the Chamber of Commerce met Monday at the El Capri at noon for the regular monthly meeting. Eight members were present, and one guest, Miss Gena Walker.

Plans are being completed for the Office Workers Seminar to be held March 8 at the Holiday Inn.

Dates for Workshops Announced

The next meeting date is the Junior, Cadette, and Senior neighborhood meeting for January was held Wednesday at the home of Mrs. John Doggett.

Mrs. Joe Dye, neighborhood chairman, presided. Miss Ilene Aslin, executive director of the Cotton Bell Council, attended. Troop leaders reported on various Christmas projects.

Activities included those by Troop 22, led by Mrs. Bennie Walker, who decorated jars for candy dishes and presented them as gifts to patients who would be confined to hospital rooms during the holidays.

Each of the five patrols in this troop bought a Christmas tree, made decorations for it, and presented it to a family whose name was obtained from the welfare office. Toys and candy were also given these families.

Troop 159 prepared and served refreshments during the holiday Tour of Homes, at the home of their leader, Mrs. Doggett.

Troop 201, under the leadership of Mrs. Maurice Stauffer, took a tree and dolls, which they had dressed, to the pediatrics ward at the hospital.

Announcements of training sessions and workshops were as follows: Troop management for all management for all Junior, Cadette, and Senior leaders will be held at the First Christian church from 10 a.m. to 2:30 p.m. Jan. 21. Cadette challenges workshop and Senior Leaders roundtable in Dexter, from 10 a.m. 2 p.m. at the First United Methodist church Jan. 30; A ceremonies workshop will be held in Sikeston at the First Christian church from 10 a.m. 2 p.m. Feb. 18. The Senior planning board will meet at the Hickory House in Malden at Noon Jan. 18. The Cadette convention is set for Jan. 25 at the Dexter high school, beginning at 9:15 a.m. All leaders of these troops are urged to attend these workshops.

Tentative plans were discussed for Girl Scout Week, March 9-15. Neighborhood cookie chairman for 1969 is Mrs. Ray Clinton. It was announced that the Juliette Low World Friendship Fund, made up of Scouting contributions was nearly double that of last year.

The March Neighborhood meeting will be held at the home of Mrs. Robert White March 5.

The ox was a blessing to the early settlers as they pushed "Westward."

Once considered useless the offspring of a milk cow, the ox could carry burdens and pull a wagon over terrain that horses could not. Also, the ox was not as attractive to the marauding Indians who wanted fast mounts. This passive animal was used for plowing until the time that it was needed for food. Old ox yokes, carts and wagons can be seen at the Harold Warp Pioneer Village at Minden, in south central Nebraska.

Old ox yokes, carts and wagons can be seen at the Harold Warp Pioneer Village at Minden, in south central Nebraska.

The ox was a blessing to the early settlers as they pushed "Westward."

Once considered useless the offspring of a milk cow, the ox could carry burdens and pull a wagon over terrain that horses could not. Also, the ox was not as attractive to the marauding Indians who wanted fast mounts. This passive animal was used for plowing until the time that it was needed for food. Old ox yokes, carts and wagons can be seen at the Harold Warp Pioneer Village at Minden, in south central Nebraska.

McKinney's Goal Lifts Kennett

JACKSON — Ed McKinney's goal with 14 seconds remaining in the game lifted Kennett to a 52-51 SEMO conference win over Jackson here last night, after the host claimed a 43-34 junior varsity win.

Jackson took a 17-12 first period lead and fought an uphill

battle to take the lead 42-39 at the end of three periods and then swapped leads with the host in the final quarter.

Randy Fingers scored 19 points while McKinney added 18 to lead the Indians winning parade.

Jeff Landgraf totaled 20 for the host, who had King and Ilers adding 11 points each.

"How Sweet It Is" For Oran

MATTHEWS — Oran fans got even with Matthews last night when their Eagles soared to a 84-60 win over the Pirates for their 17th consecutive victory.

Last year, when Oran was upset by Matthews in regional Class M finals, Pirate fans

displayed a bold banner saying "How Sweet It Is."

Such a banner was present last night, but in the hands of Eagle fans. The sign was about 50 feet long, three feet high and was printed in Orans school color, which is blue.

Bluejays Pin Ten For Win

CHARLESTON — Coach Howard Suiter's undefeated Blue Jay wrestlers easily swept the Dexter Bearcats Thursday night 53-3. Charleston put 10 of their 12 Dexter opponent's shoulders to the mat.

This is Dexter's first year at the sport and it as though they bit off more than they could handle in starting the season with the tough Blue Jays.

Charleston will host the annual Tri-State Invitational Tournament with teams entered from two different states.

THE RESULTS

95 - L. Smith (C) pinned Harris (D), 1 min., 30 sec. (Second) 103 - Joe Ward (C) pinned T. Ward (D), 1 min., 58 sec. 108 - B. Hamilton (C) pinned Martin (D), 1 min., 41 sec. 120 - F. Mitchell (C) pinned Taylor (D), 52 sec. 127 - H. Sager (C) pinned Miller (D), 44 sec. (third) 133 - J. Burke (C) pinned Jones (D), 1 min., 3 sec. 138 - C. Johnson (C) pinned Yates (D), 1 min., 38 sec. 145 - C. Shelby (C) lost to Cabin (D), 9-5.

154 - H. Foster (C) pinned Hindman (D), 15 sec. (second) 165 - B. Gaines (C) pinned Backfish (D) 9 sec. (first) 168 - D. Fenton (C) beat Taylor (D), 13-5 175 - Joe Smith (C) pinned Minxie (D), 19 sec.

All pins in first periods unless otherwise indicated.

Senath Tourney To Finals

SENATH — Action resumed last night at the Senath invitational basketball tournament as number one seeded North Pemiscot defeated Parma, 87-62, and Southland was edged by Delta 46-42.

Delta took the lead in second and third quarter scoring, but Southland was able to make up the difference in the first and fourth.

High point man for Southland was Rod Cude with 17. Delta was able to get two men in double figures as Frank Burden and Charles Jones had 11 each.

First seeded North Pemiscot out scored Parma in the other half of the tournaments competition as it led its opponent through all quarters except the fourth with their 15 points being matched by Parma.

North Pemiscot had four men in double figures with Wilson Strong leading his mates with 21. He was followed by Don Smith with 14, John Arbuckle with 14, and Ron Womble with 16.

Parma's Alan White lead his team's scoring with 21 and was followed by James Beanes with 16.

In the tournament finals which will be held tonight, Delta will meet Parma in the consolation game and Southland will face North Pemiscot for the first place trophy.

Jeff Landgraf totaled 20 for the host, who had King and Ilers adding 11 points each.

ORAN'S RODNEY LEGRAND had one of his best shooting nights as the six-foot Eagle eager ripped 36 points in leading his team past Matthews and into its 17th straight victory.

BAD BEGINNING

NEW DELHI (AP) — Reporters on an inaugural flight to the resort village of Kulu had to turn back because of bad weather.

The minister of tourism was to lay a foundation stone at the new Kulu airport.

Doctors in need of some quick medical advice merely make a toll-free long distance call to a 24-hour service operating through the University of Wisconsin and Marquette School of Medicine.

The caller dials the medical library at Madison, Wis., and receives a terse, five to six-minute lecture via pre-recorded tapes on the subject that concerns him.

"It's designed primarily for areas that do not have access to good medical libraries or where good consultants are not available," said Dr. C. H. Peters of Bismarck, president of the North Dakota Medical Association.

Matthews gained a victory in the early going of the encounter junior action, 54-39.

The loss dropped the Pirates to 12-3 on the season, the most losses it suffered during the 16-15 lead at the end of one.

But the Eagles were not to be denied and got rolling in the period as it raced into a 27 point

Matthews was stubborn in second period, out-scoring the Pirates 26-15 for a 42-30 half

time lead, with six-foot forward Rodney LeGrand gaining credit for 23 points in the half, 14 coming in the second period.

Oran continued its pace in the opening minutes of the third period as it raced into a 25 point lead (82-57), out-scoring the Pirates 10-1 in one stretch.

Matthews could get no closed

than 12 points in the final period (67-55) before the Eagles exploded to advance into a 25 point lead (82-57), out-scoring the Pirates 10-1 in one stretch.

Many experts say the sign of a good team is when one player takes up the slack of the other. If this is true the Eagles have it, as LeGrand ended the evening with 36 points, his season high and took up the slack of teammate Don Evans, who could score but six. Fred Johnson had 18 and John Johnson added 14.

Carl Bishop was the Pirates big gun, ripping in 23 points, but missed on numerous free throws, four one and one chances in the final period.

Oran once again displayed its shooting eye, netting 23 of 30 free throws and connecting of 31 of 56 shots from the field.

"It was an all-out team effort against a really tough Oran team," commented coach Jim Hart of Matthews.

The Eagles pressing defense collected it 21 fouls for the evening, and lost it three starters.

In the junior varsity game the leading tallier for Dexter was Greeter with 20. Mules were led by Hinton's scoring of 13 points.

JOHANNESBURG (AP)
Alan Abraham, 21, had never been fishing before and when he went out on his boat to sea from Johanneburg, Mozambique, he decided to give it a try. He and another non-fishing companion, Ricki Jorgens, who also comes from Johanneburg, started at the top and went deep-sea fishing.

Jorgens hooked the first fish, a 12-pound black marlin. Then Abraham landed a 98-pound black

THE DAILY STANDARD

Weddings and Engagements

MRS. NORMAN LEO GLAUS

Miss Diana Marie Boston, daughter of Mr. and Mrs. James Thomas Boston, route two, Sikeston, and Norman Leo Glaus, son of Mr. and Mrs. Norman Joseph Glaus, New Hamburg, were married in St. Lawrence Catholic Church at New Hamburg Dec. 21 by the Rev. Clement Illmberger.

The bride wore an A-line gown of white velvet, and carried a bouquet of carnations. Miss Jo Shelton served as maid of honor.

Other attendants were Misses

Sue and Judy Boston, and Pamela Lambert. Henry Joe Dirnberger was the best man, and Herbert Dirnberger, Donald Henneman, and Steven Lambert also attended the couple.

A reception followed in the St. Lawrence school hall with Miss Debra Evans presiding at the guest book.

Mrs. Glaus is employed by Berry, Patmor and Company, and Glaus is a sophomore at Southeast Missouri State College. They live on route two, Sikeston.

MRS. ALAN MARSHALL MATLOCK

PARMA - The First Baptist church was the scene of the holiday wedding of Miss Sandra Jo Gilmer and Pvt. Alan Marshall Matlock. The Rev. Edward Goodwin performed the Dec. 21 ceremony.

The bride, daughter of Mr. and Mrs. Jim Gilmer, Parma, wore a full length gown of peau de soie, and carried a white Bible with a white glamelia.

Mrs. Ronald Wallace was matron of honor, and Miss Jane Duncan was maid of honor.

Ronald Wallace served as best man, and groomsmen were Gordon, Stanley and John

Matlock.

The couple greeted the guests in the church fellowship room for the reception. Misses Roxanne Laramore and Pat Goff served at the table. Miss Joni Duncan was in charge of the guest book.

Matlock, son of Mrs. Vera Matlock and the late Asa Matlock of Malden, is a 1967 graduate of Malden high school, and is stationed with the Army at Fort Campbell, Ky. Mrs. Matlock is a 1966 graduate of Parma high school, and is employed by the Division of Welfare in St. Louis.

MRS. ROBERT L. BLACKSTON

BELLEVILLE, ILL. - The Blessed Sacrament Catholic church was the setting for the Dec. 14th wedding of Miss Barbara J. Hamman and Robert L. Blackston. The Rt. Rev. Louis Ell performed the morning ceremony.

The bride is the daughter of Mr. and Mrs. H. E. Hamman, Lilbourn, and the granddaughter of Mrs. Essie Baker, Sikeston. The groom is the son of Mr. and Mrs. Louis L. Blackston, Belleville.

Wearing a gown of chantilly lace and satin, the bride carried a garland of sweetheart roses. Mrs. Leroy Nunn was the matron of honor, and Darryl Blackston served as best man. Pat Varone and Bill Schindler seated the guests.

The Richard Jefferies' band provided the music at the reception and dinner held at the Elks Lodge, which followed the wedding. The newlyweds left for a trip to the Lake of the Ozarks.

Upon their return, the couple will live in Belleville.

MRS. CHARLES LARGENT

Sharon Kay Guess and as best man. Ushers were Mike Charles B. Largent exchanged and Steve Guess. nuptial vows Dec. 15 in the Wesley Methodist church with church following the ceremony. the Rev. Joseph Wagner. The couple then left for a short trip. They are living in the Kay officiating.

The bride wore an A-line dress of white silk crepe, and carried a bouquet of lilies of the valley.

Attendants were Linda of Mr. and Mrs. Louie Largent, 9 Guess and Jim Largent, serving Green Meadows.

Mrs. Largent is a daughter of Mr. and Mrs. William A. Guess, 813 Ruth, and Largent is a son

Guess and Jim Largent, serving Green Meadows.

Spradling Says Legislature To Hike Taxes

CAPE GIRARDEAU - Sen. funds would go into health centers. Albert M. Spradling Jr. of Cape pay-as-you-go programs or to finance a state highway bond that the General Assembly will issue, Sen. Spradling didn't raise both gasoline and state income taxes during the 1969 session which opened today in Jefferson City.

A veteran of many legislative wars in his 16 years in the Senate, the Democrat joined most other observers in listing the tax and revenue crisis as the most explosive issue facing the Legislature.

While naming the income tax hike as the probable approach to the state's money problem Sen. Spradling said he would prefer another solution.

"I'd far rather see the sales tax increased," he declared.

An income tax increase, Sen. Spradling confided, would hurt the state's industrial climate.

"When you increase corporation income taxes, you drive many industries which are considering Missouri away from the state," he explained.

He continued, "The very people who they say the sales tax hurts worst will be hurt even more if there are no jobs."

Sen. Spradling also maintains that the sales tax is a more predictable source of revenue.

"We know almost to the penny what a sales tax will bring."

The senator, who represents the five county 27th district, does not believe any income tax hike this year will be nearly as large as was recommended by the State Tax Study Commission.

That group, he explained, advocated elimination of the federal tax exemption and increases in the rates for both individuals and corporations.

Sen. Spradling said the projected proceeds of that recommendation is \$193,000,000, enough additional funds, he believes, to meet the state's immediate needs and then some.

"I don't think the Legislature will go along with this much of an increase in one year," the veteran lawmaker stated.

More likely, he said, is a bill merely eliminating the federal tax exemptions from state income tax returns.

In previewing the 1969 session, Sen. Spradling feels the gasoline tax increase can be most safely predicted and said it most likely will be raised by two cents.

"I'm convinced most people want highways built faster than we're building them," he observed.

Whether additional road support community mental

he said the Legislature might decide to go either way.

Sen. Spradling said he anticipates the various tax measure being introduced the first day of the session and before the committees for hearing in about two weeks.

Based on his past experience, he predicted taxes will thoroughly dominate the legislative session.

He recalled this was the case in 1961 when the gasoline tax was raised by two cents and again in 1963 when the sales tax went from two to three per cent.

And this year, of course, both issues will be up at the same time.

The major floor fights, Sen. Spradling forecast, will be between the sales tax and income tax forces and he foresees a lively time of it.

Sen. Spradling mentioned the fact that someone probably will suggest a third possible way out of the tight financial squeeze the state finds itself in-legalization of horseracing which has been trumpeted by its advocates for years as a revenue boon.

The state's fiscal problem, as shown in the proposed budget, is such that no capital improvements were included and little room was left for growth of existing programs.

Sen. Spradling pointed out that an alternative solution to the capital improvements problem is a state bond issue which he said could be financed by a modest increase in the income tax.

Commenting on the fiscal crisis facing the state government. Sen. Spradling observed that the public wants more government services, but is not fond of paying for them.

His mail, he said, on greater services versus economy in government is running about even.

"I get four or five letters a day from people who say they want new programs.

"I get four or five others a day from people asking that there be no tax increase."

Dominant though the money issues may be, there will be and none believe it will get past other legislation before the hearing stage.

Sen. Spradling plans to introduce three bills. They would (1) make better provision for the donation of parts of the body after death, (2) increase consumer protection (3) permit taxing on a multi-county level to support community mental

health centers.

He said he has talked with many legislators about the plan and it has many techniques that would be used in other states.

MRS. MICHAEL F. HOPKINS

MANSFIELD, OHIO - Miss Loretta Kathleen Patton, daughter of Mr. and Mrs. Wilgus A. Patton, Shiloh, Ohio, and Michael F. Hopkins, son of Mrs. Marjorie Hopkins, 911 Lake, and William F. Hopkins, Jefferson City, were married Dec. 21 in the Ridgeway Church of God here with the Rev. Jack Pruitt officiating.

The bride wore an A-line gown of peau de soie and alencon lace, and carried a bouquet of white spider mums. Attending the bride were Mrs. Gerald Patton, matron of honor; Mrs. Terence Patton, Mrs. John Fackler, Miss Loretta Gee, Cathy Patton, and Cindy Patton. John Pasaka served the groom as best man. Ushers were Eddie Spivey.

Gerald and Terence Patton, and Gregory Patton was candlelighter.

Miss Ann Adams, Mrs. Kenneth Moyer, and Beverly Gibson served at the reception which followed in the church social room. Miss Becky Forbes circulated the guest book. The couple left for a wedding trip to Niagara Falls and Canada.

The bride attended Ohio State University and Tomlinson College in Cleveland, Tenn. Hopkins graduated from Sikeston high school and attended Southeast Missouri State College before entering Tomlinson College, where he is majoring in music.

The couple live in Cleveland, Tenn.

MRS. PHILLIP HARRIS TIDWELL

The Rev. Justin Monaghan of Charleston performed the ceremony at the Dec. 27 wedding of Elizabeth Ann Mayfield and Phillip Harris Tidwell in the St. Francis Xavier church.

The bride wore a formal length gown of satin peau de soie, and carried a bouquet of white roses. Her sister, Miss Mary Austin Mayfield, was maid of honor. Ralph Tidwell served as the groom's best man.

A dinner was given at the Sikeston Country club following the wedding. Serving at the reception was Misses Sandra Mayfield, Suzanne Mayfield,

Barbara Mayfield, and Martha Bess. Miss Karen McAllister presided at the guest book, and Miss Christina Mayfield handed out rice bags.

The couple departed for a wedding trip to Memphis. They are living in Sikeston, where Mrs. Tidwell is employed by the Helen DeLine Beauty salon. Tidwell is a student at Southeast Missouri State College.

The bride is the daughter of Mr. and Mrs. Loomis F. Mayfield, Jr., 614 North Kingshighway and the groom is the son of Mr. and Mrs. J. C. Tidwell, 615 Dorothy St.

Hyatt-Crumpecker Wedding

Miss Cheryl Colleen Hyatt, daughter of Col. and Mrs. Bland B. Hyatt Jr., Arlington, Va., and Clarence Wesley Crumpecker, Jr., son of Mr. and Mrs. Clarence W. Crumpecker of Sikeston, were married Dec. 29 at the Bolling Air Force Base Chapel. A reception followed at the Officers' club.

The bride wore a white lace

gown, and carried a bouquet of white roses. Miss Pamela Gill was maid of honor, and Jeffrey Taylor served as best man. Bradbury Crumpecker and Allen Werneck seated the guests.

Crumpecker is a graduate of the Missouri University school of engineering. The couple will live in Columbia, where they will continue their studies.

MRS. JOHN ROBERT BARRETT

Miss Pamela Sue Conn and John Robert Barrett were married Dec. 28 in the First Christian church, with the Rev. Joseph Wagner officiating. The bride is the daughter of Mr. and Mrs. Charles R. Conn, 1023 North Kingshighway. The groom is the son of Mr. and Mrs. John A. Barrett, Roanoke, Va.

The bride wore a gown of silk peau d' ange with alencon lace. She carried a nosegay of lily of the valley. Former sorority sisters were the attendants. They were Suzie Stephens, maid of honor, and Karen Jensen and Judith Poe. Flower girls were Misses Heidi Conn and Terri Johnson. Timothy Johnson was ring bearer. William Johnson was best man, and Terry Conn and Phil Howard were groomsmen.

Ushers were John Paul Jones and William Georges.

A reception followed at the Sikeston Country club. Serving were Mrs. Robert Hunter, Mrs. L. D. Davis, and Misses Diana Heitman, and Bonnie Bush. Miss Jane Stacy was at the guest book, and handing out rice bags were Misses Lizann Davis and Sally Boyer.

The former Miss Conn graduated from Sikeston high school, and Central Methodist college in Fayette. She is teaching in the Ferguson Florissant school district. Barrett graduated from Brentwood high school, and attended Central Methodist college. He is sales representative of the Norfolk and Western railroad. The couple is living in Hazelwood.

Miss Arbaugh is a 1968 graduate of Sikeston high school, and is a freshman at Southeast Missouri State College in Cape Girardeau.

Sailors is a 1966 graduate of Sikeston high school, and is employed at Jarvis Motor company.

Wedding plans are indefinite.

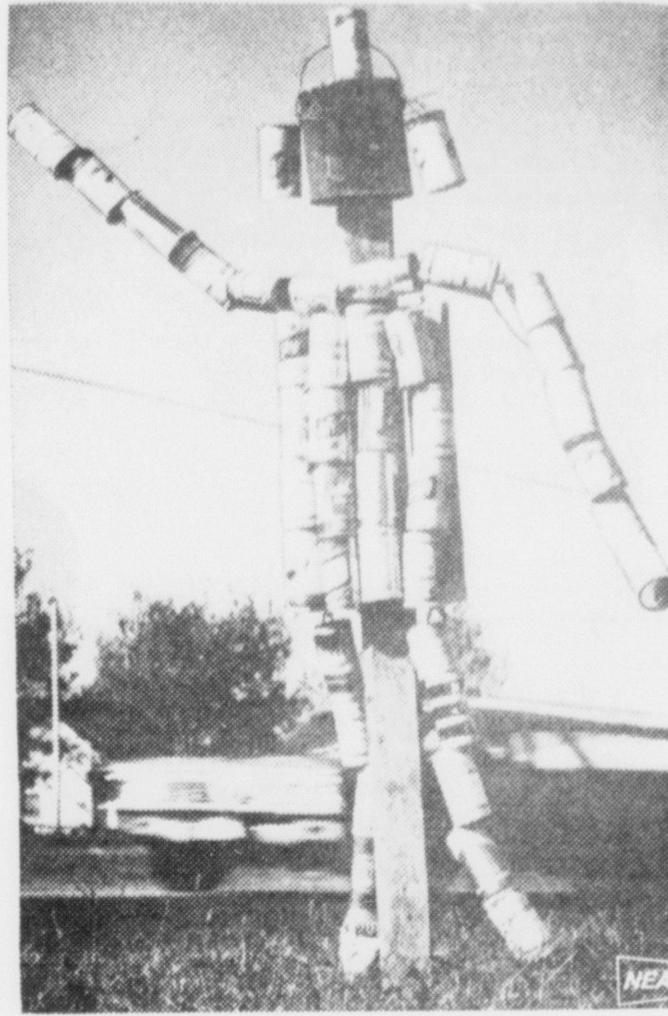

BARBARA ARBAUGH

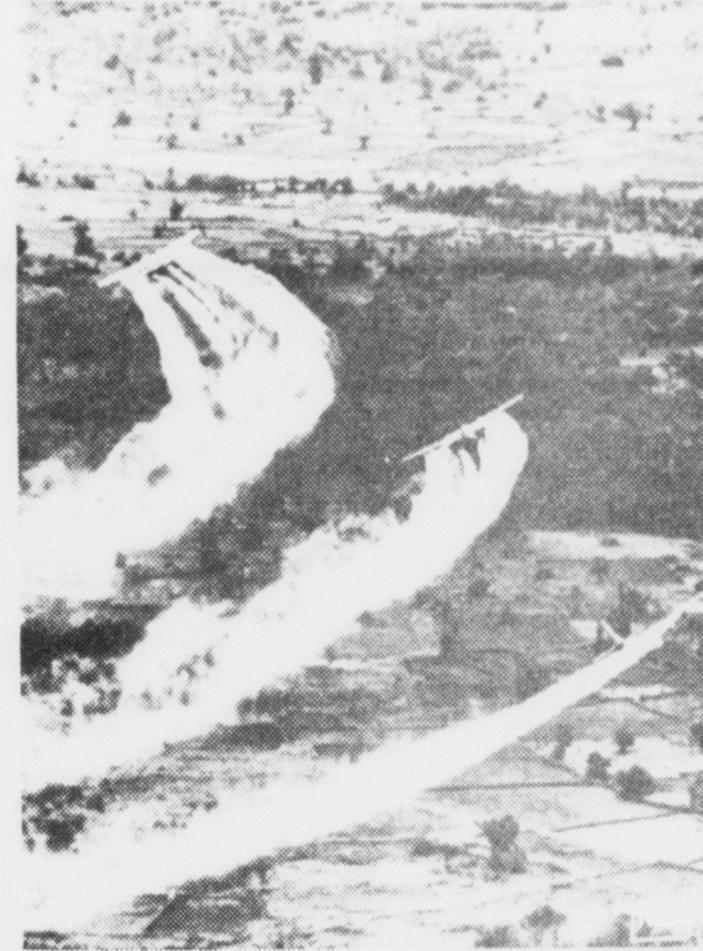

The Safe Winter Driving League presents the above findings of the National Safety Council's Committee on Winter Driving Hazards. These tests, conducted on a glare ice course at Stevens Point, Wis., disclosed that conventional snow tires provided only a small improvement in pulling ability as compared with regular tires. Studded tires developed about three times the pull of regular tires, and reinforced tire chains developed about seven times the pull of regular tires.

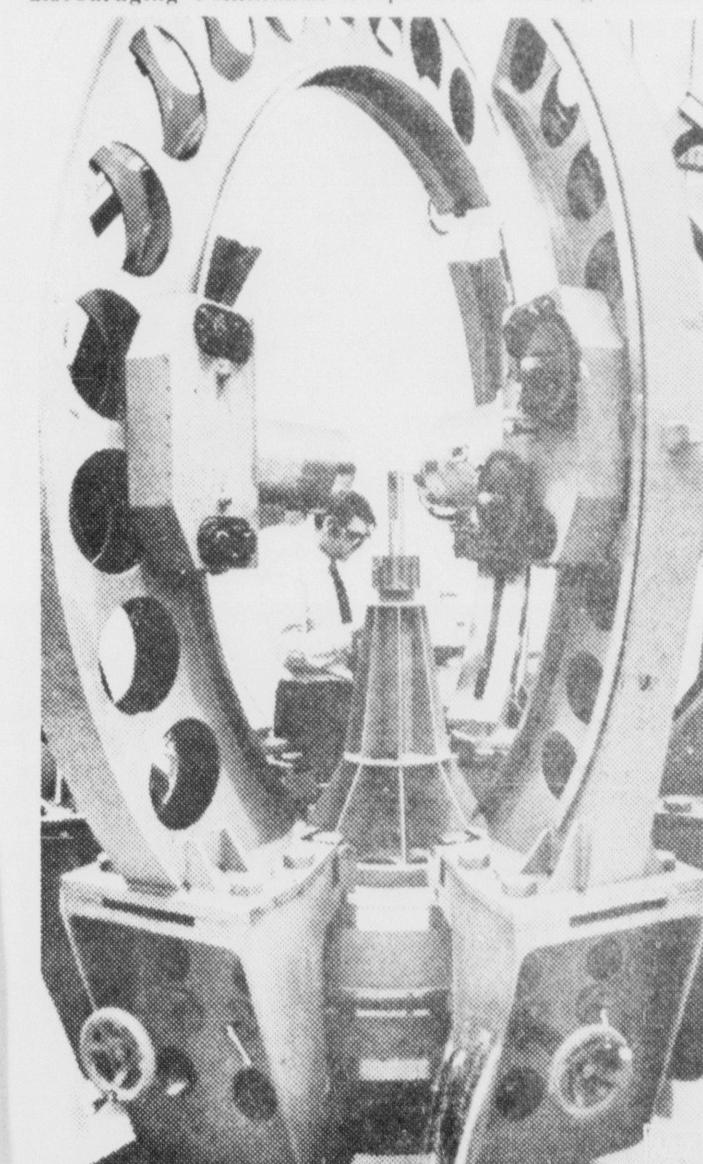

Regardless of the type of traction device employed, however, the League reminds motorists that driving speeds on icy pavements must be sharply reduced.

CANNY REMINDER to motorists pleads for clean highways. The "scarecrow" of tin cans was created by 4-H club members after they picked up litter strewn along the road running through Hardenville, Mo.

DEFOLIATING an area near Saigon, Air Force jets fly along the Cambodian border spraying a chemical that removes foliage from trees without harming them. Removing foliage exposes enemy hiding places as well as discouraging Communist troops from entering the area.

CANADIAN UNIVERSITIES, employing multimillion dollar equipment, are busily competing in the nuclear research race. Here is the University of Montreal's enormous Lotus, which receives atomic particles sent along laboratory firing ranges at near-cosmic speeds.

Ann Landers

Uncle Molests Niece

Dear Ann Landers: God bless you for printing that letter about the old uncle who molested the little girls in the family. You'll never know what you did for me.

I am 16 years old and for years — exactly how many, I can't remember — I have kept a secret locked inside me. Just reading that letter has made me feel 100 per cent better. I always thought I was a freak — that no one but me had ever had so horrible an experience. Now I know I am not alone.

I couldn't have been more than four years old when my uncle did things to me that I now realize he had no business doing. It all started when he took me swimming. I didn't know what he was doing and I didn't realize it was wrong. After he molested me he took me for long rides and bought me candy. He always told me never to tell anyone what happened.

My uncle died when I was seven. I remember how happy I was. I really feared and hated him. And then I felt guilty because everybody was crying and I was glad.

Please, Ann Landers, tell your readers how little girls can be protected. Thank you for giving me the chance to express myself on a subject that has been haunting me for years. — BEEN THERE

Dear Been: I'm glad you wrote, and I urge others to do so. It's good therapy.

And now for the advice: Mothers should be alert to all male friends and relatives who are overly attentive to their young children. When youngsters return from a ride or in outing they should always be asked where they went, whom they saw and what happened. Any reluctance to speak should be interpreted as a danger signal.

The number of children who are molested and raped every year is appalling, and the guilty party is usually not a stranger.

BENTON: Judge Craig heard these CIVIL CASES here recently:

Union Electric Co. vs. George L. Feller, et al., CONDEMNATION.

Plaintiff in court by agents and attorney, along with Commissioners C.R. Conn, C.B. Taylor and Tom Welsmann. Commissioners are sworn and instructed.

E.H. Holt vs. Judith Ann Holt, DIVORCE. Leave granted Gilmore & Gilmore to file Motion to Withdraw as attorneys for plaintiff.

Motion sustained.

Mo. Utilities Co. vs. Scott-New Madrid-Iss. Co. ELECTRIC COOPERATIVE, INCUBITION.

Leave granted plaintiff to file Motion for New Trial. Motion is taken up, considered and overruled by the Court.

Leave granted plaintiff to file Notice of Appeal Bond fixed at \$2,500.

Jacquelyn A. Slinkard vs. P.H. Slinkard, DIVORCE.

Parties attorney's in Court. Plaintiff's Motion to Modify Decree is taken up, considered and taken under advisement.

Jerry Fincher, et al. vs. Ivory M. Harris, WRONGFUL DEATH.

Leave granted parties to file Release from Liability and Satisfaction of Judgment.

Hatlo's They'll Do It Every Time

Today In U.S. History

By THE ASSOCIATED PRESS

Today is Saturday, Jan. 11, the 11th day of 1969. There are 354 days left in the year.

Today's highlight in history: On this date in 1943, during World War II, the United States and Britain relinquished extraterritorial rights in China.

In 1569, the first lottery in England was drawn in St. Paul's Cathedral under patronage of Queen Elizabeth I.

In 1757, the American statesman and first secretary of the treasury, Alexander Hamilton, was born in the West Indies.

In 1775, the Continental Congress convened in New York.

In 1788, pioneers set out from Hartford, Conn., to settle Ohio.

In 1942, Japanese invaders were moving into the Dutch East Indies early in the Pacific war.

In 1945, a truce was reached in the Greek civil war.

Ten years ago: The United States, Britain and West Germany rejected a Soviet proposal for a 2-nation conference to negotiate a German peace treaty.

Five years ago: The U.S. government released a report that cigarette smoking is a definite health hazard.

One year ago: Israel and the United Arab Republic reached an accord to exchange prisoners of war.

*Although the mudskipper is a true fish, it leaves the water to hop about on mud flats and in mangrove swamps.

OBITUARIES

CECIL KPEWEN

OMISSION

PORAGEVILLE Cecil Kpewen, grocery owner and operator, died Friday in Southeast Missouri Hospital in Cape Girardeau.

He was born Jan. 20, 1904 in Pascola. He was the son of the late John and Rena Knight Koewen.

Mr. Koewen was a member of the Church of God. In 1928, he was married to Miss Pearl Elizabeth Oliver. She survives.

Other survivors include one son, Rex Koewen, Memphis, one daughter, Mrs. Rena Pitts, Jonesville, La.; one brother, Earl Koewen, Luther, Mich., two sisters, Mrs. Ora Buchanan and Mrs. Virtue Molott, both of Indianapolis, Ind.

Services will be 2:30 p.m. Sunday at the DeLude Funeral Chapel in Portageville with the Rev. Tom Smith officiating.

Burial will follow in the Mounds Park Cemetery near Lilliburn.

MRS. ANNA KIMBREL

BROSELEY - Mrs. Anna Hunsucker Kimbrel, 64, was killed in a car-train accident Friday afternoon five miles east of Poplar Bluff. Her husband, Clarence Kimbrel was born Sept. 18, 1904 at Campbell.

She is survived by 13 children: James Kimbrel,

Hazelwood; Mrs. Virginia

Sherfield; Dexter; John D.

Kimbrel; Alvin Kimbrel;

Pontiac, Mich.; Mrs. Linda

Fowler, Pontiac, Mich.; Pansy

Hunsucker, Illinois; Gene

Kimbrel, Wisconsin; Bill

Kimbrel, Wisconsin; Burl

Kimbrel, Wisconsin; Ralph

Jerry and George Kimbrel,

Rockford, Ill., and Mrs. Linda

Golden, St. Louis; Ruth Jones

Bloomfield, and Edith Mayfield,

Flint, Mich.; six stepchildren,

60 grandchildren and three great

grandchildren.

Arrangements are

incomplete.

Hearnes Defends Method

Trends

By THE ASSOCIATED PRESS

Americans are expected to spend \$106 billion on food this year—\$5 billion more than in 1968.

Food Engineering reports that "under pressure of the inflated costs of growing, processing and distribution, food prices may rise 3 per cent by the end of 1969."

The magazine said food manufacturers planned to invest about \$1.6 billion this year "to improve efficiency and minimize the effect of rising costs on prices. The manufacturers will expect to spend 12 per cent more for better plants and equipment than they did in 1968."

He said he thought it made those things clear in his message to the legislature but perhaps his address wasn't as clear as he had thought it to be.

He said he thought it was up to the Senate to handle any revenue producing bills and the house to handle the appropriation bills. If the legislature fails to come up with any added money to finance capital improvements at state institutions, he said, he intended to ask that buildings be financed with a bond issue.

Hearnes said he thought he was doing right in leaving the decisions to the legislature rather than recommending specific tax increases.

"If I'm too explicit then I'm a dictator," he told a special news conference. A newsman reminded the Governor that one of his usual supporters, Sen. A. B. Vanlandingham, D-Columbia, had complained that the Governor should have provided the leadership for the legislature by recommending tax increases. Hearnes replied that if Vanlandingham thought there was not enough money to meet the impact of programs he supported then Vanlandingham should try to get tax boosts.

Vanlandingham introduced a bill Thursday that would, within four years, have the state meeting half the cost of public school operations.

The Governor has said he is in favor of that if the money can be found to finance it.

One newsman said there were reports that he was playing politics and was declining to recommend a tax increase because he had further political aspirations after being governor.

"What could I run for?" Hearnes asked. He said, "There are more rumors in Jefferson City than there are blades of grass in the spring."

Services will be 2 p.m. Sunday in Watkins and Sons Funeral Chapel, Dexter, with the Rev. H. Worth officiating.

Burial will be in the Taylor Cemetery at Essex.

ALVA SINKHORN

ESSEX - Alva "Al" Sinkhorn, 69, died Friday at his home.

He was born Dec. 22, 1899 in Evansville, Ind.

A retired farmer, he married Bertha Rogers Jan. 19, 1925, who survives.

Other survivors are a daughter, Mrs. Marjorie Marler, St. Louis; one sister, Mrs. Ada Trotter, Blushing, Mich.; and four grandchildren.

Services will be 2 p.m. Sunday in Watkins and Sons Funeral Chapel, Dexter, with the Rev. H. Worth officiating.

Burial will be in the Taylor Cemetery at Essex.

Rolla Spring Registration Date Set

ROLLA - Registration for

the spring semester at the

University of Missouri - Rolla

will be held Jan. 23-24 Classes

begin Jan. 27.

The fall semester ends Jan.

18 following a week of final

examinations which start Jan.

13. On Jan. 19, convocation will

be held for those who will have

completed degree requirements

at the end of the semester.

The University of Missouri -

Rolla offers degrees in

engineering, science, the

humanities and social sciences.

The school grants more

undergraduate engineering

degrees than any accredited

institution west of the

Mississippi River. It ranks first

in the nation in engineering

bachelor's degrees granted in

civil engineering and

metallurgical engineering.
